

2011/12 Perth I14ft Skiff Nationals

F2 Trophy

This year the f2 or “fun fleet” trophy is created for competitive sailors not racing the latest i14 machines.

All sailors will be able to enjoy the fun of an i14 skiff regatta.

Everybody who has an earlier model international 14 or is interested in sailing one is welcome to join in.

The Main Elements Of The **F2** Fleet Are As Follows

- To give wings again to many older international 14's that are lying in garages gathering dust.
- All sailors with boats older than the 1998 rule changes will be eligible for the f2 fleet (racks and foil size).
- The fleets will sail together for the first three races (Invitation race and the first 2 heats).
- After the first three races, sailors with eligible boats can nominate for the main fleet or the f2 fleet (but not both).
- After the first 3 races, the f2 fleet will sail a shorter course (Though from the same start) to keep a similar race duration for all competitors.
- Based on the results of the first three races, other boats and crews may be invited to join the f2 fleet in the interests of evening up fleet performance.
- Prizes will be awarded to the top crews in the f2 fleet.

If you are interested in joining but do not have a boat.
